

Oral Presentation Prizes

The 1st Prize of 300 Euros was awarded by NEXT to Estefania GIORIA (University of Valladolid) for her presentation on "Measuring Which Ligand Does Best in Difficult C–C Couplings"

The 2nd Prize of 200 Euros was awarded by the IRSAMC to Alexis BORDET (LPCNO, Toulouse) for his presentation on "Iron based nanoparticles for the magnetically induced hydrogenation of carbon dioxide to methane"

The 3rd Prize of 150 Euros was awarded by the ICT to Anna GEER (University of Nottingham) for her presentation on "Iron(II) Catalyzed Hydrophosphination of Isocyanates"

Poster Prizes

The three best posters were each awarded with 100 Euros by the INSAT

Lena RAKERS (University of Münster) for her poster on : “N-heterocyclic Carbenes for Stabilisation of nanoparticles and their application in catalysis”.

Mr Antonio REINA (LHFA, Toulouse) for his poster on : “Palladium nanoparticles in glycerol stabilised by alkaloids: design of green-catalysts”.

**Mr Alberto SOLA (University of Barcelona) for his poster on :
“Photocatalytic H₂ production from ethanol(aq) solutions over
Pt/anatase TiO₂: the effect of by-products in the H₂ production
rate”. (prize received by Xianyun Liu)**
